SAMA YAS

LUXURY LIVING IN THE PARK

INTRICATELY
DESIGNED WITH
UNPARALLELED
ATTENTION TO
DETAIL

A wide-angle, nighttime photograph of the Abu Dhabi skyline. The image captures a dense cluster of modern skyscrapers, many of which are brightly lit from within, creating a warm glow against the dark blue night sky. The buildings vary in height and architectural style, with some featuring curved facades and others more traditional rectangular forms. In the foreground, the dark, calm waters of a body of water reflect the city lights. A few small, illuminated structures and a red buoy are visible in the water. The overall atmosphere is one of a vibrant, modern metropolis.

THE LUXE CAPITAL

The famed capital of the UAE, Abu Dhabi is a city with heart. People from all over the world have been drawn to its natural beauty, vibrant cultural scene, inspiring heritage, lavish lifestyles, and dynamic business landscape. It is a place people love to call home.

A wide-angle photograph of a golfer in mid-swing on a lush green golf course. The golfer, wearing a blue shirt and dark trousers, stands on a green fairway. The landscape is characterized by rolling green hills, several large sand traps, and patches of dry, golden-brown grass. In the far distance, the ocean meets a pale, overcast sky. The overall scene conveys a sense of tranquility and outdoor recreation.

YAS ISLAND LIVING

The unmatched experiences extend beyond the park boundaries of the development. Step out and into every activity under the sun. Dive into the cool Arabian Gulf, navigate the winding mangroves, browse the collections at Yas Mall, play with the Dolphins at SeaWorld, and sip a sundowner in the buzzing Yas Marina, all without ever leaving the island. Whenever you're in the mood for an adrenaline rush, Yas Waterworld Abu Dhabi and Yas Marina Circuit are ready and waiting.

THE FUTURE

As one of the most trusted and recognised real estate lifestyle developers in the UAE, it's our duty to keep evolving the meaning of home; with exceptional communities purposely planned to enrich people's lives, and luxury properties designed to elevate their every day.

An architectural rendering of a modern residential development. Three multi-story buildings with a stepped, terraced design are the central focus. Each building features numerous balconies with glass railings and some have small green plants on the terraces. The buildings are set back from a large, vibrant green lawn. In the foreground, several people are depicted in various leisure activities: some are sitting on the grass, others are walking, and a group is playing a sport. The landscape is lush with tropical vegetation, including palm trees and flowering shrubs with bright red and purple blossoms. The sky is a clear, pale blue, and the overall lighting suggests a warm, late afternoon or early morning setting. The image is framed by tree branches at the top and bottom edges.
